

2024 UNITED WAY CAMPAIGN

While so much has changed during the past few years, one thing that remains the same is our caring spirit

In place of United Way company meetings this year, we will be holding a “rollover” campaign.

If you are currently donating to United Way via payroll deduction or bill at home, your pledge will automatically be renewed for the 2024 campaign. New payroll deductions/billings will begin in January of 2025.

This allows United Way to continue its support of 80+ programs and services through 33 agency partners, grants and initiatives to help those in greatest need.

If you would like to:

- make any changes to your current pledge
 - opt out of the rollover
 - become a new donor
- please request a pledge form from

by

Thank you for continuing your pledge.
